

CURRICULUM VITAE

A. Personal Information:

Name in Full Scott I. Donaldson, Ph.D., M.S.
Business Keck School of Medicine of USC
Address Department of Population and Public Health Sciences
 1845 N. Soto Street, 3rd Floor, SSB 310-23
 Los Angeles, CA 90032
Phone (909) 702-4244
E-mail scottdon@usc.edu
Website www.scottdonaldsonphd.com

B. Education & Training:

Postdoctoral University of California, San Diego, Department of Family Medicine and Public
Training Health, Postdoctoral Scholar in Evaluation, Statistics, and Measurement, 2021

Advanced Claremont Graduate University, Ph.D., Psychology, Concentration in Evaluation
Degrees and Applied Research Methods, Co-Concentration in Positive Organizational
 Psychology, 2020

 University of Southern California, M.S., Applied Psychology, 2015

University University of California, Los Angeles, B.A., Psychology, 2014

Honors, International Positive Psychology Association, 7th World Congress, Top
Awards, and Dissertation Award (Honorable Mention), 2021
Service International Positive Psychology Association, Work and Organizations Division,
 President, 2021–2023

 International Positive Psychology Association, Work and Organizations Division,
 President-Elect, 2019–2021

 International Positive Psychology Association, Work and Organizations Division,
 Award Committee Lead, 2019

 Larry and Jane Rose Fellowship, Division of Behavioral and Organizational
 Sciences, Claremont Graduate University, 2018

C. Professional Background:

Academic Appointments

Senior Research Associate, Department of Population and Public Health
Sciences, Keck School of Medicine of USC, May 2021–present (PI: Jon-
Patrick Allem)

Adjunct Professor, Department of Educational Psychology, Research Methods,
Measurement, and Evaluation, University of Connecticut, May 2023–
present

Postdoctoral Scholar, Department of Family Medicine and Public Health, Moores
Cancer Center, University of California, San Diego, January 2020–May
2021 (PI: Shu-Hong Zhu)

Adjunct Professor, School of Education and Leadership Sciences, University of
San Diego, January 2021–May 2021

Research Associate, Department of Family Medicine and Public Health, Moores
Cancer Center, University of California, San Diego, September 2019–
January 2020 (PI: Shu-Hong Zhu)

Adjunct Professor, Crean College of Health and Behavioral Sciences, Chapman University, August 2018–May 2019

Adjunct Professor, Department of Psychology, California State University, Los Angeles, August 2017–May 2018

Lab Manager, Theory-Driven Evaluation Lab, Claremont Evaluation Center, Claremont Graduate University, January 2017–May 2019

Lab Manager, Positive Organizational Psychology Lab, Claremont Evaluation Center, Claremont Graduate University, September 2016–May 2019

Research and Jobs Coordinator, Claremont Graduate University, January 2016–August 2017

Research Assistant, Department of Psychology, University of California, Los Angeles, Passionate People Project, November 2013–May 2014, (PI: Tara Scanlan, Ph.D.)

Specific Teaching Responsibilities

Practicum in Program Evaluation (graduate level core course), Department of Educational Psychology, Research Methods, Measurement, and Evaluation, University of Connecticut, Fall 2023

Advanced Program Evaluation (graduate level core course), Department of Educational Psychology, Research Methods, Measurement, and Evaluation, University of Connecticut, Summer 2023

Principles of Biostatistics (graduate level core course), Department of Population and Public Health Sciences, Keck School of Medicine of USC, Summer 2022

Research Design & Methodology (graduate level core course), School of Education and Leadership Sciences, University of San Diego, Spring 2021

Research Methods in Psychology, Crean College of Health and Behavioral Sciences, Chapman University, Spring 2019

Statistics for the Behavioral Sciences, Crean College of Health and Behavioral Sciences, Chapman University, Interterm 2019

Research Methods in Psychology, Crean College of Health and Behavioral Sciences, Chapman University, Fall 2018

Statistics for the Behavioral Sciences, Crean College of Health and Behavioral Sciences, Chapman University, Fall 2018

Research Methods in Psychology, Department of Psychology, California State University, Los Angeles, Spring 2018

Teaching Assistant, Evaluation Procedures, Claremont Evaluation Center, Claremont Graduate University, Fall 2017

Inferential Statistics, Department of Psychology, California State University, Los Angeles, Fall 2017

D. Research Activities:

Major Areas of Research Interest: Evaluation, Surveillance, Psychometrics, Tobacco Marketing, Well-Being

Research Grants

20-10031 (Allem, J-P.) 2/1/21- 4/1/24

California Department of Public Health, California Tobacco Control Program

Title: Tobacco Industry Monitoring Evaluation (TIME)

Aims: The main goal of the project is to inform comprehensive tobacco control policy efforts by monitoring core tobacco industry practices related to electronic cigarettes and other new and emerging non-combustible nicotine products, and little cigars and cigarillos in three core tobacco industry practices: advertising and marketing on social media platforms, direct marketing, and underage online sales.

Role: Senior Research Associate

Total Costs: \$1,800,000

28KT-0003 (Allem, J-P.) 2019 (Cycle 28)

The Regents of the University of California, Research Grants Program Office, Tobacco-Related Diseases Research Program, New Investigator Award

Title: Impact of vape pen placement in music videos on young adults

Aims: The proposed project will assess the impact of vaping product placement in music videos on the perceived risks and benefits, intention to use, and actual use of vape pens in young adults (ages 18 to 24) in California. First, we will comprise a list of top music videos with vaping product placement and conduct content analyses to determine themes. Then we will recruit young adults (N=1,500) to complete surveys assessing self-reported levels of exposure to the above marketing strategy, and perceived risks and benefits of vape pen use, intentions to use, and actual use. Finally, we will recruit young adults (N=300) to complete an experiment examining the causal impact of this marketing strategy on increases in self-reported product appeal (e.g., intention to use). The overall goal of this project is to inform potential state and local tobacco policy regulations on advertising and promotions addressing the TRDRP priority area of state and local tobacco policy research.

Role: Senior Research Associate

Total Costs: \$961,915

CN190155 (Zhu, S-H.) 2019-2023

California Department of Education

Title: Tobacco Use Prevention Education Program (TUPE) Evaluation

Aims: Develop a real-time monitoring, evaluation, and technical assistance system integrated with continuous quality improvement, and evaluate the statewide impact of a multi-tiered socioecological prevention program in California.

Role: Postdoctoral Scholar

Total Costs: \$3,160,000

50176 (Zhu, S-H.) 2020-2022

Orange County Superintendent of Schools, with prime funding from California Department of Education

Title: Youth Vaping Alternative Program Education (YVAPE)

Aims: The Youth Vaping Alternative Program Education (YVAPE) is a counseling and educational program for students who have been cited for vaping at school. YVAPE is available to California public middle and high schools who will enroll students instead of alternative disciplinary action for vaping. YVAPE is designed to provide a positive experience for the students and help them think through their vaping behavior.

Role: Postdoctoral Scholar

Total Costs: \$1,194,962
